Computer Science 11 Calendar

Autumn, to the Christmas break · OCR J277

We meet **three times a fortnight** — in **Week B** a Wednesday double (P5 and P6) and Thursday P4; in **Week A** a Wednesday double (P1 and P2). This half-term we **finish Paper 2**: designing and tracing algorithms, searching and sorting, Boolean logic, and the programming techniques still ahead. **The Algorithms test is Wednesday 25 November, and the Paper 2 test is Thursday 10 December. Our last lesson before Christmas is Wednesday 16 December.**
