

Name: _____

Date: _____

Mr. Rawson • Y8 MYP Design

Design 8B Calendar

Programming the micro:bit • to the October break

We meet **every Thursday** — but **not at the same time**. In a Week A we have Design **P6**, at **15:05**; in a Week B we have it **P5**, at **14:05**. Check the letter on the left of each row, and check the time in the table. **Four lessons left before the break. We do not have Design on Friday 9 October, the last day of term** — we have no Friday lesson at all, so **our last lesson is Thursday 8 October**, and that is the lesson where your **Mini Project** is set — the project you are marked on, which you build after the break. **Your Shake Counter is due on Thursday 17 September**, and the six word-bank words are asked at the start of that lesson.

Week	Mon	Tue	Wed	Thu	Fri
7 Sep A	7	8	9	10 L2 • P6	11
14 Sep B	14	15	16	17 L3 • P5	18
21 Sep A	21	22	23	24 L4 • P6	25
28 Sep B	28	29	30	1 Oct L5 • P5	2
5 Oct A	5	6	7	8 L6 • P6	9 <i>last day</i> <i>no Design</i>

What happens in each lesson

Lesson	Date	Time	What we do
L3	Thu 17 Sep	14:05	Shake Counter due • word-bank words asked • Vari-ables — a named box that remembers a number • set it, change it, show it • a score counter
L4	Thu 24 Sep	15:05	Conditionals — if and else • comparing two values • making the micro:bit choose • a rule for a two-player game
L5	Thu 1 Oct	14:05	Iteration — repeat, forever and while • loops that count • when a loop beats copying the same block ten times
L6	Thu 8 Oct	15:05	Your Mini Project is set today . The brief • what Crite-ri- on A and Criterion B ask for • choosing your problem. You build it after the break — this one counts
