

Name: _____

Date: _____

Mr. Rawson • Y10 GCSE Physics

Physics 10 R Calendar

Forces 1: Kinematics · to the October break · AQA Trilogy 8464

We meet **four times a fortnight** — Thursday and Friday one week, Tuesday and Thursday the next. We started this unit on **Thu 3 September**; the **Forces 1 test is Thursday 1 October** and it covers **the seven taught lessons and nothing else**. Every lesson comes back to the same 100 m race, so keep the first sheet.

Week	Mon	Tue	Wed	Thu	Fri
7 Sep	7	8	9	10 P1	11 P1
14 Sep	14	15 P3	16	17 P2	18
21 Sep	21	22	23	24 P1	25 P1
28 Sep	28	29 P3	30	1 Oct TEST	2
5 Oct	5	6	7	8 P1	9 P1 <i>last day of term</i>

What happens in each lesson

Lesson	Time	What we do	Set for home
Thu 3 Sep	<i>done</i>	100m L1, part one. Scalars and vectors · converting units	—
Thu 10 Sep	P1 · 55	L1, part two. Distance and displacement · speed and velocity · $s = vt$	Speed sheet · learn the typical speeds
Fri 11 Sep	P1 · 55	L2. Distance–time graphs · measuring distance and time to find a speed · gradient is speed	Distance–time worksheet
Tue 15 Sep	P3 · 55	L3. Velocity–time graphs · reading the shape · the robot's flat line against Bolt's curve · constant speed but changing velocity	Describe the race from its graph
Thu 17 Sep	P2 · 50	L4. Acceleration as a vector · $a = \Delta v/t$ · what a negative value means · estimating everyday accelerations	Acceleration calculations
Thu 24 Sep	P1 · 55	L5. Back to velocity–time · gradient is acceleration · <i>area beneath the line</i> is distance, by counting squares · average speed from it	Mixed graph interpretation
Fri 25 Sep	P1 · 55	L6. Uniform acceleration · $v^2 - u^2 = 2as$ · mixed motion problems	Finish the problem set
Tue 29 Sep	P3 · 55	L7. Review · exam-style questions · significant figures and standard form	Revise — test is Thursday
Thu 1 Oct	P2 · 50	TEST Forces 1 test · scalars and vectors, and describing motion along a line (§6.5.1.1, §6.5.4.1) · the seven lessons above	—
Thu 8 Oct	P1 · 55	Test returned · Forces 2 opens — contact and non-contact forces, forces as vectors	—
Fri 9 Oct	P1 · 55	Forces 2 · gravity, weight and mass <i>last day of term</i>	—
