Name: _____

Date: _____

Mr. Rawson • Y8 MYP Physics

Physics 8A Calendar

Forces & Motion · ***to the Christmas break***

We meet **twelve times** before Christmas: **once** in a Week A (Wednesday) and **twice** in a Week B (Monday and Friday), so check the letter on the left of each row. Our **quiz is Friday 13 November** and our **test is Monday 7 December**; it is handed back on Friday 11 December. **Wednesday 16 December, the last day of term, is a Physics lesson.**

(F) = **formative** — practice that helps me and you see where you are; it does not go on your report. (S) = **summative** — this one counts.

Week	Mon	Tue	Wed	Thu	Fri
26 Oct B	**26** L1	27	28	29	**30** L2
2 Nov A	2	3	**4** L3	5	6
9 Nov B	**9** L4	10	11	12	**13** L5 (F)
16 Nov A	16	17	**18** L6	19	20
23 Nov B	**23** L7 (F)	24	25	26	**27** L8
30 Nov A	30	1 Dec	**2** L9	3	4
7 Dec B	**7** L10 (S)	8	9	10	**11** L11
14 Dec A	14	15	**16** L12 *last day*	17	18

What happens in each lesson

Lesson	Date	Time	What we do
L1	Mon 26 Oct	09:55	Newton's 1st and 2nd laws · inertia · balanced and unbalanced forces
L2	Fri 30 Oct	12:15	Measuring speed ourselves · the speed formula triangle
L3	Wed 4 Nov	15:05	Distance–time graphs · reading the shape · motion sensor lab
L4	Mon 9 Nov	09:55	Refraction investigation handed back · speed, distance and time practice
L5 (F)	Fri 13 Nov	12:15	**Quiz** · speed, distance, time · distance–time graphs · Newton's 1st and 2nd laws
L6	Wed 18 Nov	15:05	Free body diagrams · drawing and labelling the forces
L7 (F)	Mon 23 Nov	09:55	**Friction lab** · measure first, name it after
L8	Fri 27 Nov	12:15	Friction and air resistance
L9	Wed 2 Dec	15:05	Review · getting ready for the test
L10 (S)	Mon 7 Dec	09:55	**Forces & Motion test**
L11	Fri 11 Dec	12:15	Test handed back · going through it together
L12	Wed 16 Dec	15:05	Wrap-up · looking ahead to Celestial Bodies in January
